

**LEADING THE WAY  
IN CARRYING SOLUTIONS  
FOR OVER 30 YEARS**

**TENBA®**

**TENBA®**

## ABOUT TENBA AND SKOوبا DESIGN

**TENBA** introduced the world to soft-sided, professional camera bags in 1977, and has been an innovation and quality leader in the decades since. With so many years of experience in bag development and construction, along with a unique level of closeness and – literally – daily connection to the professional imaging community, Tenba is truly dialed-in to both the real-world needs of its customers and the latest in design trends, materials and manufacturing. With our own, U.S.-based, dedicated “bag lab” product development center and manufacturing facilities, both domestic and abroad, our resources and capabilities allow us to create unique and exceptional carrying and transport solutions for serious shooters.

**SKOوبا DESIGN** is the “sister brand” of Tenba, specializing in exquisite, trend-setting bags and accessories for laptops and other portable electronics – increasingly critical tools of the trade for professional image-makers. Skooba Design products have likely won more awards and press accolades in recent years (see below) than any other tech bags out there.

From the most cutting-edge line of outdoor photo bags, to the broadest selection of ultra-lightweight shipping cases, to the coolest laptop carriers, and everything in between, this brochure features more new and exclusive products and features, and more genuine design innovation than we think you’ll find anywhere else in the business.

And the first 30 years were only the beginning.

## The finest hand-tailored camera bags

### BLACK LABEL

BLACK LABEL IS A COLLECTION OF CAMERA BAGS WITH EXQUISITE TAILORING DETAILS, including double-needle pleats, sculpted curves and massively yet meticulously reinforced stress points. But the beauty is far from skin deep. Black Label bags draw on Tenba's 30-year reputation as the ultimate professional bag, with rugged durability, working pro design, and serious practicality. And while they honor the heritage of those decades of leadership, Black Label bags are crafted, from the first stitch to the last, for today's image makers.

TOUGH BALLISTIC NYLON EXTERIOR

SMOOTH-SLIDING, SELF-HEALING, YKK® ZIPPERS

TRIM AND HAND GRIPS EXECUTED IN PERFORATED UPHOLSTERY LEATHER

DISTINCTIVE BADGE FINISHED IN MATTE BLACK AND FASTENED WITH MACHINE BOLTS

# A luxurious home for your camera system

**FULL-SIZED CAMERA BAGS IN THE FAMILIAR, PROFESSIONAL WORKHORSE LAYOUT.** Multiple, movable dividers protect and organize multiple pro camera bodies and lenses, along with flash, external storage drive and other media, and other analog and digital accessories.

Available color:

BLACK

**NEW!**

Perforated leather handle and trim add distinctive, luxurious signature

Custom foam-laminated, weather-repellent ballistic nylon exterior is lightweight but battle-tough

Massively reinforced webbing and top-of-the line hardware provide incredible strength and security

Oversized weather flaps protect main compartment and side cargo pockets

Dual covers – weather flap and internal zipper cover – over main compartment can be used independently or together, depending on protection and access needs

Fully adjustable, removable, padded dividers can be configured to suit virtually any combination of equipment

Double front accessory compartments with internal organizers for media, portable electronics and accessories

Internal floor board with over 1-inch of padding provides “extreme” protection beneath equipment

Quality and style are reflected in fine tailoring and details including double-needle pleats.

Military matte-finish YKK® zippers – simply the best money can buy.

Exclusive, indestructible, solid steel TriAngle™ strap rings allow variable attachment angles to help “micro-balance” the load.

Upper accessory pocket has nine compartments for small electronics and accessories.

Lower accessory pocket has color-coded media windows and ID card holder.

Rear trolley strap allows the bag to slide easily over a rolling luggage handle.

## Think of it as a luxury sport coupe for your camera

### BLACK LABEL SATCHEL

**SLIM PHOTO SATCHELS ARE PERFECT** for lightweight, low profile, minimalist shooting. These sleek flapover bags carry a D/SLR body with lens attached, plus one or two additional lenses (or a lens and a flash), along with plenty of accessories.

Available color:

BLACK

**NEW!**

Custom foam-laminated, weather-repellent ballistic nylon exterior is lightweight but battle-tough

Perforated leather handle and trim add distinctive, luxurious signature

Oversized weather flaps protect main compartment

Slim profile is ideal for carrying basic camera/lens setup without excessive weight or bulk

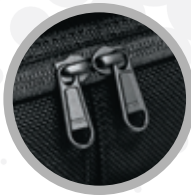

Large, strong Duraflex® clips secure main flap

Fully adjustable, removable, padded dividers can be configured to suit virtually any combination of equipment

Internal floor board with over one inch of padding provides “extreme” protection beneath equipment

Quality and style reflected in fine tailoring and details including double-needle pleats.

Military matte-finish YKK® zippers – simply the best money can buy.

Exclusive, indestructible, solid steel TriAngle™ strap rings allow variable attachment angles to help “micro-balance” the load.

Large front accessory pocket has 10 compartments for small electronics and accessories.

Color-coded windows instantly identify full and empty media cards.

Rear trolley strap allows the bag to slide easily over a rolling luggage handle (medium & large sizes only).

**TENBA**<sup>®</sup>  
SHOOTOUT<sup>™</sup>

# I eat dirt...

At least it seems like it sometimes. I dig holes, climb trees, get bitten, stung, scratched up and soaked, just to get the one shot that makes it all worthwhile.

# This is my bag.

## SHOOTOUT BACKPACKS

# Carry all your photo gear and your laptop\* in one backpack

SHOOTOUT IS A COMPREHENSIVE COLLECTION of sling bags, backpacks, shoulder bags, waistpacks and accessories designed from the ground up for serious outdoor imaging. Each bag is built with the absolute best materials and hardware, for all-season protection under the most extreme weather conditions. And innovative features throughout give you fast access to your equipment so you never miss a shot.

The Shootout photo/laptop backpack is the outdoor shooter's mainstay. In multiple sizes, to accommodate camera/lens/laptop setups ranging from basic to brutal, plus all the accessories. All styles except Daypack feature our exclusive MSTC™ tripod carrying system. Large and medium sizes also available in wheeled versions.

Available color combinations:

Water-repellent, dobby/diamond ripstop nylon shell – an optimum combination of light weight and durability

Jumbo, padded side pods can be used as separate accessory pockets or pass-through hatches for instant interior access

### Multi-Stage Tripod Carrier System (MSTC™)

Exclusive, fully-adjustable, MSTC™ System securely accommodates all popular outdoor tripod types and sizes

Padded laptop compartment\* reinforced with polyethylene frame sheet for extra protection

Room for multiple camera bodies and lenses (up to 500mm, depending upon backpack size and specific equipment carried) and all accessories

Clear, plasticized mesh pockets and web loops hold accessories, for easy identification and access to contents

Super-comfort harness system features expedition-grade complement of fit adjustments and load tuning

Special, weather-sealed zippers keep the elements out.

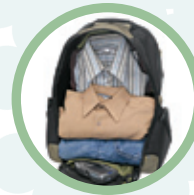

Exclusive WeatherWrap™ cover included – the fastest, easiest auxiliary rain cover around.

Rolling Backpack version features inline skate wheels and retractable mono-tube handle.

Photo insert is removable (except Mini and Daypack) for reorganization, storage, or...

...to convert the entire bag to a standard, soft backpack for clothing or other "non-photo" travel.

Movable panels in both side pods create QuickAccess™ hatches directly into main compartment.

\* Selected styles

# The comfort and support of a backpack, with the quick access of a shoulder bag

These single-strap, quick access bags swing around for fast shooting without removing the pack. Exclusive design converts to a lightweight long-lens bag for top-loading your mounted super telephoto lens.

## SHOOTOUT SLING

**NEW!**

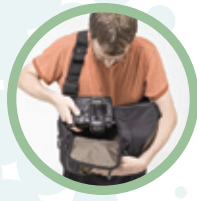

- Water-repellant, dobby/diamond ripstop nylon shell – an optimum combination of light weight and durability
- Ergonomically curved and tapered, adjustable sling strap sits comfortably on the shoulder
- Weather-sealed YKK® zippers on all critical exterior openings keep the elements out
- Padded, ventilated mesh back panel wicks away moisture
- Adjustable bungee cord holds a light jacket or mini folding reflector
- Adjustable side straps for carrying compact, lightweight monopod

- Full-access back door opens entire bag for easy interior setup and cleaning
- Removable interior dividers allow you to top-load and carry a mounted long lens

Available color combinations:

Fast-draw camera hatch – swing to the front, open, grab and shoot.

Padded sling features phone/audio pouch and stowaway backup security strap.

Exclusive WeatherWrap™ cover included – the fastest, easiest auxiliary rain cover around.

Front accessory pocket organizes media, note pad and other accessories.

Fully adjustable and removable dividers let you custom-fit the Sling for your equipment.

Bottom feet protect against moisture and abrasion. Pull strap helps “quick swing” the bag.

**SHOOTOUT DAYPACK  
& WAISTPACK**

## Bearing the load doesn't have to be unbearable

**DAYPACK – A COMPACT, EXPANDABLE PACK** that holds more than you might imagine, yet is a pleasure to carry. If your day (or more) of shooting calls for a single pro camera, a good basic selection of lenses and accessories, and even lunch or a change of clothes, the Daypack is the perfect travel companion.

**WAISTPACK – HIP-HUGGING AND HANDS-FREE**, the Waistpack eliminates shoulder strain by letting you move the weight of your gear to your hips. And when the shooting situation – or your outfit – doesn't allow for the use of the belt, the Waistpack converts in seconds to a sleek, compact shoulder bag.

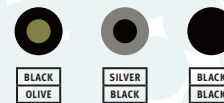

### Shootout Daypack

The Daypack features the PackOUT™ pocket, which expands to provide approximately 240 additional cubic inches of “soft” storage space for lighter and non-fragile items like clothing, snacks, first aid supplies, etc.

Features the same interior camera storage as the Small Backpack, but the laptop compartment has been eliminated to make the Daypack almost one pound lighter

### Available color combinations:

### Shootout Daypack & Shootout Waistpack

Water-repellent, dobby/diamond ripstop nylon shell – an optimum combination of light weight and durability

### Shootout Waistpack

Exclusive, independent, dual-door side panels on both sides of Waistpack; one with accessory compartments, the other a QuickAccess™ hatch directly to the inside of the case

Wide, padded waist belt with load adjustment/ tensioning straps for secure, comfortable support. Clip-on points provided for included media wallet and phone/MP3 pouch or other optional accessories

Drop-down front panel with compartments for card reader, phone, music device and other small accessories

### Shootout Daypack

### Shootout Waistpack

Movable panels in both side pods create QuickAccess™ hatches directly into main compartment.

Hand-carry straps on top and both sides of pack let you “grab and go” from any position.

Adjustable web straps on pack bottom secure monopod, jacket or ground cloth.

Removable belt, hand grip and shoulder strap allow instant conversion to full-featured shoulder bag.

QuickAccess™ doors, clearly identified by red zipper tabs, allow instant retrieval of lens, flash, etc.

Weather-sealed zippers keep the elements out.

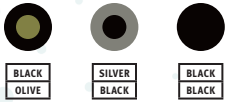

## Rain, sand, sleet, snow...bring it

WHETHER YOU GO OUT SHOOTING with a camera and a single lens, or full kit with multiple bodies, lenses and a laptop, your needs for protection in adverse conditions are the same – cradle the equipment in a soft enclosure, and keep it dry no matter what. Shootout Shoulder Bags – from the smallest bag to the largest, full-system case – provide outdoor protection you can count on.

### SHOOTOUT SHOULDER BAGS

Available color combinations:

Water-repellent, dobby/diamond ripstop nylon shell – an optimum combination of light weight and durability

Quick-closure straps with side-release clips – use them to temporarily secure the flap when you are shooting and don't need to zip the bag fully shut

Weather-sealed zippers keep the elements out

Generously cushioned, ergonomically contoured, shoulder-gripping pad makes carrying even a heavily-loaded bag comfortable and secure

Clear, plasticized mesh accessory pockets allow easy identification of contents. Vertical zipper design allows easy, "no-spill" access whether flap is facing up or down

Top of the line hardware – including heavy-duty zippers, welded steel D-rings, Duraflex® clips – ensures years of reliable use

Side pockets have additional compartments for memory cards, batteries, cables, and other accessories

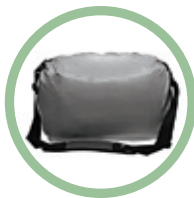

Drop-down front panel with compartments for card reader, phone, music device, and other small accessories

Dual-door side panels (medium/large models only); one for accessories, the other for direct access to inside of case.

Side handles double as attachment points for included Media Wallet and Phone/Music Pouch, or for other, optional accessories.

Exclusive WeatherWrap™ cover included – the fastest, easiest auxiliary rain cover around.

Bottom of the rear magazine pocket unzips to slide bag over a luggage/cart handle.

Movable/removable tie-down straps on bottom of bag, perfect for carrying tripod, jacket, or even an umbrella.

Included Media Wallet and Phone/Music Pouch feature removable security tethers.

**SHOOTOUT  
PHOTO/LAPTOP COURIER**

**Sleek and efficient...and you won't believe how much it holds**

THE PHOTO/LAPTOP COURIER IS A UNIQUE HYBRID of a traditional briefcase and a serious, outdoor photo bag. It has all-season equipment protection (weather-sealed zippers, heavy-duty hardware, and storage for a professional D/SLR and lenses). Plus, all the thoughtfully executed features of a great briefcase (up to 17-inch laptop storage, quick access to the computer for fast removal in meetings or at airport security, and a magazine pocket that converts to a trolley strap for safe, secure attachment to a suitcase).

Available color combinations:

Water-repellent, dobby/diamond ripstop nylon shell – an optimum combination of light weight and durability

Side handles double as attachment points for included Media Wallet and Portable Drive Case, and/or for the optional Shootout Lens/Bottle Caddy

Weather-sealed zippers keep the elements out

Clear, plasticized mesh accessory pockets allow easy identification of contents. Vertical zipper design allows easy, “no-spill” access whether flap is facing up or down

Integral, padded sleeve holds up to 17-inch laptop

Adjustable main compartment holds full-sized professional D/SLR with mounted small to midsize zoom, along with additional lenses, flash and accessories

Top of the line hardware – including heavy-duty zippers, welded steel D-rings, Duraflex® clips – ensures years of reliable use

Generously cushioned, ergonomically contoured, shoulder-gripping pad makes carrying even a heavily-loaded bag comfortable and secure

“Supersized” side panel pockets have compartments for memory cards, batteries, cables and much more.

Exclusive WeatherWrap™ cover included – the fastest, easiest auxiliary rain cover around.

Bottom of the rear magazine pocket unzips to slide bag over a luggage/cart handle.

Airport-ready, rear access zipper allows removal of laptop without opening the main compartment.

Included Media Wallet and Portable Hard Drive Case feature removable security tethers.

Front panel features elastic expansion gussets, for those times when you need just a little more room.

**TENBA<sup>®</sup>**  
MESSENGER

# I'm on the run...

On the train, in a cab (when I can get one), or block after block on foot, I am constantly in motion. I need to carry my stuff with minimal bulk and maximum access. Oh, and it helps if I don't look like I'm carrying a giant "steal me" sign on my shoulder.

# This is my bag.

**MESSENGER BAGS**

**Don't shoot the messenger – but definitely shoot with it!**

**MESSENGER – THE ESSENCE OF URBAN** – a sleek, lightweight, street-smart satchel that holds a ton, yet hugs your body, moves with you, and doesn't cramp your style. Removable photo insert lets you to convert it quickly from a camera bag to a book bag, school bag, briefcase or general-purpose carryall.

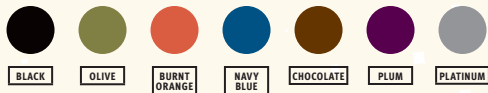

Quick Access™ zipper lets you get to the contents of the bag without opening the main flap

Exterior of 1000 Denier Nylon – the most time-tested and proven outdoor textile ever. The optimal combination of strength, durability, and light weight.

Webbing loops (not shown) on both sides to attach a compact camera pouch or other clip-on accessories (not included)

Available colors:

Padded compartment holds and protects laptop. Large messenger fits up to 17-inch laptop and small messenger fits up to most 15-inch laptop.

Huge, fully-lined main compartment holds books, files, camera gear and more

Over 20 pockets and compartments to keep mobile hard drives, cell phone, MP3 player, cables, chargers, pens and business cards organized and easily accessible

**Messenger Wraps**

Multipurpose padded storage for lenses, flashes, DVD players, laptops and any other gear that might need a little extra protection. Three color options help easily identify contents on the fly. Available in three sizes – 10-, 16- or 22-inch square. Sold separately.

Messenger Wrap colors:

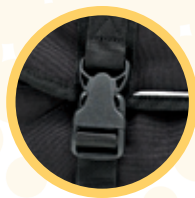

Removable photo insert provides padded storage for a SLR body with two or three lenses and a flash.

Bottom reinforced with rubberized, moisture and abrasion-resistant panel.

Thickly padded, contoured shoulder strap and hand grip for all-day carrying comfort.

Dual Duraflex® flap clips provide security, while large Velcro® patches allow for quick ins-and-outs.

3M Scotchlite™ reflective trim on front flap for nighttime visibility.

Optional laser-engraved version can be customized with name, logo or other personal identification. (See p. 71)

**TENBA**<sup>®</sup>  
MIXX

**I have an eye for color, a feel for quality, and a head for value.**

I put thought into my images and the equipment I use to make them.

I don't push the button until I know it's worth pushing, and I don't carry gear unless I know it's worth carrying.

**This is my bag.**

## MIXX SHOULDER BAGS

# Light on your shoulders and light on your wallet

IF YOU TAKE PICTURES EVERYWHERE YOU GO, you want to carry your gear in a bag that offers great protection, durability, light weight, efficient organization, quality construction, well thought-out features, and sharp looks – all from a legendary professional brand. Oh, and all at a great price. Where are you going to find all of that in one bag? Tenba gives you it all...in the MIXX.

**SHOULDER BAG – THE PERFECT BAG** for your D/SLR with an extra lens or two, flash and other accessories. Movable/foldable padded dividers create a perfect, protective fit for your camera. About a dozen pockets, compartments and other storage spaces keep everything organized and readily at-hand. Fast-access, oversized top flap protects it all.

**NEW!**

600 Denier exterior layered with ballistic trim – tough and weather resistant, yet ultra-lightweight

Oversized cover protects both main and accessory compartments

Stretchy neoprene side pockets great for securely storing phone, audio device, lens cap, or other small items

YKK® zippers provide the smoothest, strongest zipper closures money can buy. Quality, name-brand hardware throughout – selected to last.

Fully lined in ripstop nylon – tough yet smooth and equipment-friendly, beautifully color-matched to exterior trim

Adjustable, padded dividers let you custom-fit the main compartment to your equipment

Designed to fit D/SLR body with mounted lens, plus extra lens(es) and accessories

Laminated mesh pocket holds accessories in clear view

Available color combinations:

Metal swivel clips – not plastic – secure the shoulder strap to the bag.

Supplementary, fast deploying rain cover included.

Padded, ventilated mesh rear panel for carrying comfort.

Front accessory compartment with pockets for small accessories.

1/4-inch or more of protective padding on all sides.

Dual media card pockets with secure, protective flap cover.

## All-day comfort and support, with tons of storage space

**GREAT FOR TRAVEL, ALL-DAY OUTDOOR SHOOTING,** or any other time you want to spread the load. Adjustable camera section holds D/SLR, 2-3 lenses and accessories. Tenba's Quick Access side hatches let you reach inside and grab a lens or flash while the pack is on your back. Top section houses a variety of pockets and organizers for small accessories, with room left over for lunch. Ventilated shoulder straps and padded waist belt make for a very comfortable carry.

600 Denier exterior layered with ballistic trim – tough and weather resistant, yet ultra-lightweight

Shaping is slim and contoured, yet offers surprisingly high capacity

YKK® zippers provide the smoothest, strongest zipper closures money can buy. Quality, name-brand hardware throughout – selected to last.

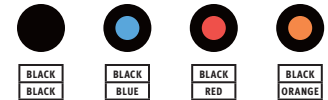

**MIXX DAYPACK**

**NEW!**

Available color combinations:

Top section has multiple organizer pockets, with enough room left over for lunch

Fully lined in ripstop nylon – tough yet smooth and equipment-friendly, beautifully color-matched to exterior trim

Photo section holds camera with 3-5 lenses, flash, accessories

Laminated mesh pocket holds accessories in clear view

*Padded shoulder straps, back panel and belt lined with moisture-wicking, air-ventilated mesh.*

*Quick-Access hatches allow instant access to camera compartment while wearing pack.*

*Mesh side pockets ideal for water bottle, lens cap, phone, and more.*

*Center floor and dividers can be removed to create a fully-open travel pack.*

*Dual media card pockets with secure, protective flap cover.*

*Featherweight design – only 32 ounces – makes this pack a joy to carry.*

**MIXX TOPLOAD**

## Shoot when ready...and these bags are always ready

FOR A FAST-SHOOTING, SINGLE CAMERA/SINGLE LENS COMBINATION, this holster-style bag is the way to go. Slide in your D/SLR with lens (up to 23 cm long, in large top-load), close the full zip-around top and you're ready to go. Carry with the included shoulder strap or wear on your belt. A half-dozen compartments hold portable electronics and other small accessories.

Full zip-around top cover completely protects equipment

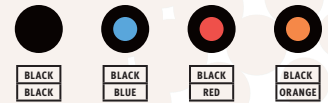

600 Denier exterior layered with ballistic trim – tough and weather resistant, yet ultra-lightweight

YKK® zippers provide the smoothest, strongest zipper closures money can buy. Quality, name-brand hardware throughout – selected to last.

**NEW!**

Available color combinations:

# TENBA<sup>®</sup>

## ROADIES<sup>™</sup>

# Set up, shoot, strike, pack, move. Set up, shoot, strike...

It never ends. Location to location, event to event, loading, moving and unloading a studio's worth of gear every day is the story of my life. Anything that makes it easier makes the story happier.

## This is my bag.

## Massive capacity, innovative organization, and travel-smart versatility in one easy-to-roll package

### LARGE ROADIE PHOTO/LAPTOP CASE

**IF YOUR BACK AND SHOULDERS ARE ALREADY CARRYING ALL THEY CAN, ROLL THIS WAY.** Tenba Roadies ease the burden, with wheeled cases for photo/video/laptop setups, tripods and grip equipment, and more. Load 'em up – they can take it. Roadies are tough-as heck, and packed with innovative, pro-oriented features.

**THE LARGE PHOTO/LAPTOP ROADIE** carries it all – pro body with mounted lens up to 500mm, additional bodies and lenses, laptop, and tons of accessories. The photo/laptop module is completely removable, so your Roadie can serve as a standard suitcase when you get a few days off. Designed to meet standard airline overhead requirements.

Available color:

BLACK  
GRAY

Adjustable/removable tripod carrying system

Smooth-rolling, silent wheels and top-quality extending handles help make for an easy ride

Exterior of weather-repellent ballistic nylon with ripstop reinforcement overlays – a lightweight yet travel-tough combination

Exclusive flip-out accessory panels – perfect for keeping cables, makeup/model supplies and other items organized and easy to access

Photo section features fully adjustable, removable, padded dividers, and can accommodate D/SLR with mounted lens up to 500mm

Internal honeycomb frame provides outstanding strength-to-weight ratio

Top access to laptop compartment speeds you through airport security.

Side accessory compartment holds media, pens, batteries and more.

Self-stowing "kickstand" supports case in tilted position, so you can work right out of it.

Bungee straps are great for holding collapsible reflector, umbrellas, muslin or similar items.

Photo compartment is removable, so you can use your large Roadie as a standard carry-on suitcase.

Built-in, anodized aluminum ID plate can be laser-engraved using our optional customizing service (see p. 71 for more details).

# The perfect carry-on case for any train, plane or automobile

THE ROADIE UNIVERSAL MEETS THE STRICTEST INTERNATIONAL CARRY-ON STANDARDS, and is designed to get you, your gear and your laptop on board no matter what or where you fly.

**ROADIE UNIVERSAL  
PHOTO/LAPTOP CASE**

Sized to fit all standard airline overhead compartments, including extra-restrictive international carriers

Exterior of weather-repellent ballistic nylon with ripstop reinforcement overlays – a lightweight yet travel tough combination

Side straps and pop-open cup securely carry a compact tripod or monopod

Low-profile wheels and curb guards minimize bulk, leaving more room for your gear

**NEW!**

Available color:

BLACK  
GRAY

Huge, laminated mesh pockets inside are perfect for cables, color checkers, small collapsible reflectors and more

Photo section features fully adjustable, removable, padded dividers that let you create the perfect layout for your gear

Center lens channel handles super telephoto up to 400mm

Honeycomb internal frame provides outstanding strength-to-weight ratio

Expandable front pocket fits laptops up to 17-inches.

Large, self-healing YKK zippers with military matte-black finish. The best you can get, period.

Front access to laptop compartment speeds you through airport security.

Photo compartment is removable, so you can use your large Roadie as a standard carry-on suitcase.

Bungee coil on front fits oversized items like collapsible reflectors, muslin backgrounds or a jacket.

Rear pockets fits magazines, airline tickets, AC adapter and more.

## From cameras and laptops to tripods and grip equipment, Roadies have you covered every step of the way

### SMALL ROADIE PHOTO/ LAPTOP & ROADIE TRIPOD/TRIP GRIP CASES

THE SMALL PHOTO/LAPTOP ROADIE holds a basic pro D/SLR setup (1-2 bodies, 5-6 lenses and flash) plus laptop computer (adjustable to fit sizes up to most 17-inch models), cables, media cards, and lots of accessories. Fits under most airline seats and meets overhead standards.

MOVE YOUR MOST AWKWARD, UNWIELDY GEAR WITH EASE WITH ROADIE TRIPOD/TRIP GRIP CASES. Unique dual-mode rolling design lets you lift one end and pull on two wheels, or roll it flat on the floor, with 360-degree casters and stowaway pull strap. Available in 36-inch and 48-inch lengths.

Available color:

BLACK  
GRAY

Small Roadie Photo/Laptop Case

Five-section handle extends to full, comfortable walking height, easing the strain on your back and shoulders when wheeling through airport

Exterior of weather-repellent ballistic nylon with ripstop reinforcement overlays – a lightweight yet travel-tough combination

Large, laminated mesh interior storage pocket holds full-sized ColorChecker® or gray card, plus cables and other flat accessories

Photo section can be configured to accommodate a D/SLR with mounted lens up to 300mm 2.8mm. Insert is removable so you can use your small Roadie as a standard overnight suitcase.

Available color:

BLACK  
GRAY

Roadie Tripod/Grip Case

Heavy-duty, reinforced web handles and pull strap built for serious professional use

Industrial grade main wheels and 360-degree casters make moving heavy loads easier than ever – pick up one end and roll, or grab the pull strap and “coast” along the ground with no lifting required

Triple tie-down straps keep load from shifting and contents from banging into one another

Small Roadie Photo/Laptop Case

Roadie Tripod/Grip Case

Top access to laptop compartment speeds you through airport security.

Front accessory compartment holds media, pens, batteries, cables, airline tickets and more.

Photo compartment is removable, so you can use your small Roadie as a standard overnight suitcase.

Side handles and pull strap stow in their own zippered compartments.

Full-length pocket along side of case, perfect for cables and other thin/flat items.

Tough, dual bottom runners protect exterior fabric from curbs, stairs and other “bag hazards,” while adding structural support.

# TENBA<sup>®</sup>

TRANSPORT

# I take everything, everywhere...

I go where the job is, and I go big. Cameras, computer, LCD monitor, light stands and tripods...I ship it all, and I need to know that it's all going to get where I'm going, safely and securely. Everything depends on it.

## This is my bag.

## TRANSPORT AIR CASES

# Tenba's flagship equipment shipping cases

**TENBA TRANSPORT** is the name we've given to our growing family of maximum-protection cases for everything from cameras to computers, light stands to laptops, and much more. A unique assortment of problem solving products with exceptional, exclusive features, and the best protection available.

**AIR CASES** feature Tenba's exclusive design and construction – including a patented internal framework – that offers you the shippable protection of a hard case at a fraction of the weight. Saves your back, saves your money. Over 30 sizes, virtually limitless possibilities.

Available color:

BLACK

1050 Denier Ballistic Nylon Exterior – tough as nails, water-and abrasion-resistant, yet light weight, elegant and professional in appearance

The finest hardware available, including massive #10 YKK zippers, welded steel D-rings, and more

Exclusive Datapanel™ (on selected models) integrates shipping document window, business card holder, and engraveable metal I.D. plate

Available in Topload and Attache-style, to make loading and unloading easy for a wide range of equipment

MADE IN THE  
**USA**

*Tenba's Patented Air Case™ Construction provides the protection of a hard case, at a fraction of the weight.*

*Seatbelt grade webbing, reinforced seams and stress points for strength and long-term durability.*

*Heavy-duty wheel & handle assemblies (on selected models) make easy work of moving heavy loads.*

*Reinforced, full-support webbing with padded hand grip.*

*Anodized aluminum plate can be laser engraved with logo and contact information (optional service, see p. 71).*

*Removable shipping document window fits an international waybill. Window is user-replaceable if it gets worn or damaged.*

## For photo equipment, computers and monitors, lighting and more

Internal framework of corrugated, Air Channel Polyethylene and high-density foam. Provides structure, impact and puncture protection

Reinforced, adjustable dividers to customize layout and fit of contents (selected models)

Wide, unrestricted openings provide fast, easy access to contents

Some models available with custom-cut foam interiors for purpose-specific applications

MADE IN THE  
**USA**

Exclusive, custom-molded styrene top rim makes case rigid enough to stand on, tough enough to check as luggage.

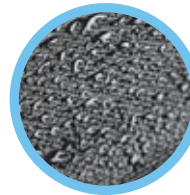

Interior walls lined with padded, brushed tricot material to protect contents.

High-density foam padding cradles contents and stands up to serious, long-term use.

Wheeled and non-wheeled sizes available that meet airline carry-on standards.

Weather- and stain-resistant exterior finish protects contents from the elements.

Over 30 available styles, to suit virtually limitless combinations of imaging equipment and other gear.

## Lighter duty, lighter weight, but still great protection

### TRANSPORT CAR CASES

Available color:

BLACK  
BLUE

Water-and abrasion-resistant 1050 Denier Ballistic Nylon Exterior. Lightweight, elegant and professional in appearance

Rigid structure, impact and puncture protection provided by internal framework of corrugated, Air Channel Polyethylene and high-density foam

MADE IN THE  
USA

Reinforced, adjustable dividers to customize layout and fit of contents (selected models)

Wide, unrestricted openings provide fast, easy access to contents

Interior walls lined with heavy-duty pack cloth, for surface protection and smooth movement of contents.

Wide (2-inch) webbing, reinforced seams and stress points for strength and long-term durability.

Comfortable padded hand grips.

Available in Topload and Attaché-style, to make loading and unloading easy for a wide range of equipment.

Sizes available that meet airline carry-on standards.

Almost a dozen sizes available to suit any creative professional and virtually any equipment assortment.

# The best way to take a trip with your grip

TRIPAKS PROVIDE PROTECTION for your tripods, light stands, backgrounds, booms, and other oversized gear. Available in over 10 sizes, up to 75 inches long, including some with our Car Case™ reinforced wall construction.

## TRANSPORT TRIPAKS

Available color:

### Hard-sided Tripaks

1050 Denier Ballistic Nylon exterior, massive #10 YKK zippers, welded steel D-rings, and more

Internal framework of corrugated, Air Channel Polyethylene and high-density foam. Provides structure, impact and puncture protection (selected styles)

Rigid enough to ship, light enough to carry on location

### Soft-sided Tripaks

The finest hardware and materials available – including 1050 Denier Ballistic Nylon Exterior, massive #10 YKK zippers, and more

Wide, unrestricted openings provide fast, easy access to contents

Generous storage for tripods, light stands and grip equipment, as well as backdrops, collapsible light modifiers, loose reflectors and grids, and more

Interior walls lined with heavy-duty pack cloth, for surface protection and smooth movement of contents.

Wide (2-inch) webbing, reinforced seams and stress points for strength and long-term durability.

Over a dozen sizes available to suit virtually any photographer or equipment assortment.

Rigid and soft-sided construction available, to suit various transportation needs.

Sizes up to 75 inches long, to fit the tallest light and background stands.

Comfortable padded hand grip.

**TRANSPORT  
LONG LENS BAGS**

## Purpose-built protection for the “big glass”

Designed specifically for sports and wildlife shooters or other photographers who work with supertelephoto lenses. Tenba's Long Lens Cases cradle and protect your investment, while allowing you to store and carry the lens with the camera safely mounted, ready for action.

Available color:

BLACK

Durable pack cloth lining is soft on equipment, and won't pill or collect lint

Case walls are padded with closed-cell foam, and reinforced with air-channeled plastic

Sized to fit the latest super tele lenses with mounted, professional D/SLRs

1050 Denier ballistic nylon exterior – tough as nails, water and abrasion-resistant, yet light weight, elegant and professional in appearance

Finest hardware available, including Duraflex® clips, welded steel D-rings and seatbelt-grade webbing

Weather-sealed zippers keep the elements out

Convenient outside accessory pocket

Genuine YKK® weather-sealed zippers provide serious protection from the elements.

Adjustable straps on side of bag hold monopod or compact tripod.

Overlapping front flap and positive-closure buckle provide additional protection and security.

Reinforced carrying handle with comfort grip wrap takes the pain out of hand-carrying heavy gear.

Thickly-padded, contoured shoulder strap and heavy-duty webbing provide safe, strong and comfortable support.

Additional pockets on top and sides of bag hold filters, rain covers and other accessories.

# TENBA®

PRESENTATION

# My book is my life...

My portfolio is the first (and in some cases, the only) impression some clients will get of me and my work. If I can't be there to present my book personally, then the case I ship it in had better love it and care for it as much as I do.

# This is my bag.

## AIRBOOKS

# The shipping case that's worthy of your portfolio

**AIRBOOKS ARE SPECIALIZED, HIGHLY-PROTECTIVE CASES** for carrying and shipping portfolios and mounted prints. They are based on the same time- and travel-tested framework as Tenba's equipment Air Cases, which have been torture-tested and proven in the field by photographers and other creative professionals for over twenty years. From the durable exterior, to the soft, generously padded interior, Airbooks are designed to ship and present your work with as much care, pride and class as you would.

Available color:

BLACK

Beautifully sculpted, perfectly padded, neoprene-lined carrying handle looks and feels great

Finest hardware available, including massive (#10 size), genuine YKK® zippers, welded steel D-rings and more

1050 Denier ballistic nylon exterior – light weight, rugged, and easy to clean

Exclusive DataSleeve™ can be used for shipping the Airbook (removable airwaybill/document carrier included), or as a “personalization frame” for displaying identification, photo or artwork (shown with custom laser-engraved panel, sold separately – see p. 71)

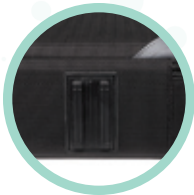

I.D./business card window has enough room for a small stack of business cards

Interior pockets for documents and promotional materials (tear sheets, comp cards, postcards, return shipping labels, etc.)

Soft, brushed tricot interior cradles contents during transportation, and won't scratch surfaces of prints or delicate leather, aluminum or Lucite books

Internal framework of corrugated, Air Channel Polyethylene and high-density foam. Provides structure, impact and puncture protection

Tenba's original, patented Air Case™ construction features a specially molded, one-piece top cap under the lining. Cap provides the “unibody” strength that allows the case to withstand the rigors of shipping and other commercial transport

Molded feet on bottom edge provide additional protection from abrasion and moisture.

Contoured and padded, removable shoulder strap with seatbelt-grade webbing included.

Cutouts protect corners of books and prints from damage during shipping, even if the case is dropped.

Recessed-center side panels allow safe, easy access to and removal of contents.

Triple-lockable zippers let you lock any or all of the compartments with a small luggage-type lock (not included).

Available in a variety of sizes, to fit most popular portfolio books and mounted prints.

**skooba®**

# If I see one more boring cookie-cutter laptop bag, I'm going to...

Anyway, I want a super-light bag that protects and organizes my stuff, with design and features someone actually stopped to think about.

## This is my bag.

**SKOOBA CHECKTHROUGH BRIEF**

**Take some of the hassle out of travel**

**THE PATENT-PENDING CHECKTHROUGH® BRIEF** – the bag that started all the “Checkthrough-friendly” buzz – looks and functions like a high-end business case, but is designed and rigorously-tested to be “checkpoint-friendly,” so you can run it through airport x-ray screening without removing your computer. Get through security faster while protecting your laptop from damage, theft or loss.

Available color:

BLACK

**NEW!**

1680 Denier Ballistic exterior, smooth nylon interior. All materials water-repellant.

Brief unzips in the center, unfolds and exposes laptop section below patent-pending quick-recognition window. Security screener gets instant visual confirmation of contents, for added “checkpoint-friendly” recognition.

Designed to “re-fold” just by lifting the handle or strap at the end of security process. The Checkthrough Brief is equally secure whether the inspection zipper is open or closed, you can leave security, carry the bag safely and re-zip when convenient.

Laptop compartment fits most 17-inch models

Approximately 20 pockets, compartments and organizers in all, including easy-access Doc-pocket™ for boarding pass and passport, and much more

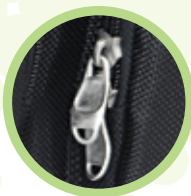

Includes durable, zippered clear pouch for allowable liquid bottles. Pouch designed to fit perfectly in front cargo pocket for instant access and removal for inspection.

Checkthrough's light weight and padded contoured strap provide carrying comfort.

Neoprene-padded handle for comfortable hand-carrying.

Brushed nickel-finished hardware throughout, self-repairing zippers and rubber bottom treads.

Padded laptop compartment holds any computer up to 16 x 11 x 1.5 inches.

Convenient pop-out, hideaway ID holder.

Back panel also has reinforced trolley strap that slides over the handle of a rolling suitcase or cart, for convenient, secure transport.

## Slim, sleek, security-friendly

THE PATENT-PENDING CHECKTHROUGH® MESSENGER is a slim, flap-over version of our original Checkthrough Brief. Speed through airport security without removing your laptop!

**SKOوبا CHECKTHROUGH MESSENGER**

Available color:

BLACK

**NEW!**

1680 Denier Ballistic exterior, smooth nylon interior. All materials water-repellant.

Bag unzips in the center, unfolds and exposes laptop section below patent-pending quick-recognition window. Security screener gets instant visual confirmation of contents, for added “checkpoint-friendly” recognition.

Designed to “re-fold” just by lifting the handle or strap at the end of security process. The Checkthrough Messenger is equally secure whether the inspection zipper is open or closed, so you can leave security, carry the bag safely and re-zip when convenient.

Laptop compartment fits most 17-inch models

More than 10 pockets, compartments and organizers in all, including easy-access Doc-Pocket™ for boarding pass and passport.

Includes durable, zippered clear pouch for allowable liquid bottles. Pouch designed to fit perfectly in front cargo pocket for instant access and removal for inspection.

Padded shoulder strap with ventilated mesh material on the underside – stays comfortable in hot weather.

Brushed nickel-finished hardware throughout, self-repairing zippers and rubber bottom treads.

Front cargo pocket has tons of space for cables, ac adapter and accessories.

Laptop compartment offers easy access for laptops up to 16 x 11 x 1.5 inches.

Doc-Pocket™ keeps tickets and passports organized and instantly accessible.

Incredibly lightweight – weighs only 40 ounces.

**SKOوبا SACHELS**

**Award-winning, lightweight laptop protection**

THE SKOوبا® SACHEL is like no other laptop bag you've ever seen. For starters, its unique construction and contours make it deceptively slim-looking – but it will easily hold many 17-inch screen laptops and a ton of gadgets, files and accessories. Next, it has an Air Square™ protection system that surrounds your laptop with hundreds of shock-absorbing, air-filled cells. And outside the laptop compartment are pockets, pockets everywhere – over a dozen in all – to hold everything you need for a day's work, school or business travel.

Dual handles with padded grips for comfort

Tough, weather-resistant ballistic nylon with signature neoprene trim stripe

Heavy-duty webbing for shoulder strap and handles. All load-bearing points massively reinforced with 'Box-X' stitching. Metal, no-twist shoulder strap fasteners, self-repairing zippers, rubber bottom treads

NEW! Patent-pending Superbungee™ "Sport Tuned" Shoulder Strap features air cell padding and spring-action bungee suspension system for unparalleled comfort

Adjustable, quick-release retention strap secures laptop inside its protective compartment

17+ pockets and compartments hold laptop, files and folders, gadgets, accessories and more

**Skooba Satchel 2.0 color combinations:**

**Skooba Seventeen 2.0 color combinations:**

**Skooba Seventeen 2.0**

Slightly larger than the original Satchel, designed to accommodate the very largest 17-inch laptops. Features exclusive ZipFit™ laptop section, letting you adjust laptop compartment size by 2–4 inches.

Air Square™ protection system surrounds laptop with hundreds of individual, air-filled cells that support and protect computer.

Main compartment divider panel keeps files and papers neatly in place.

Accessory organizer compartment on front of bag provides pockets for phone or other compact gadgets, CDs, pens, cables, keys, business cards and more.

Separate, zippered back compartment for magazines, tickets or other documents.

Back panel also has reinforced trolley strap that slides over the handle of a rolling suitcase or cart, for convenient, secure transport.

Mesh pouch for water bottle hides away in its own zippered compartment on the side of the bag.

## Slim, elegant skin converts to a laptop tote

WITH A FLIP OF THE FLAP, the patent-pending Skooba Skin morphs from a sleek, padded laptop sleeve to a handled "quick carry" bag, or vice-versa. Skooba Skin is designed to protect a computer while carried inside another bag or suitcase, or to be used on its own for meetings, classes or other times when the laptop alone is all you need to carry.

### SKOوبا SKINS

Velcro® flaps open and fasten together to form tote handles

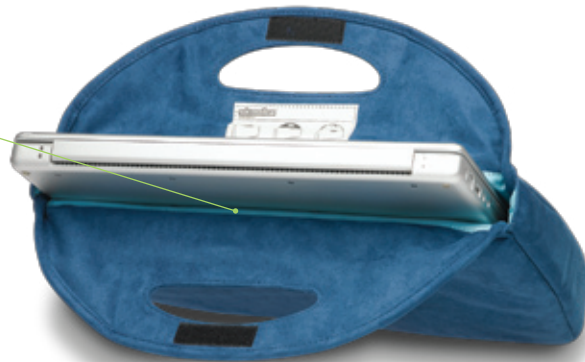

Folded configuration provides slim, padded laptop storage for carrying inside another bag

Sophisticated, minimalist design and ultra light weight construction – all Skooba Skins weigh under 20 oz

Interior is fully padded, and lined with smooth nylon pack cloth for scratch-free protection

Available in seven different color and fabric combinations: black ballistic, blue, lime, tangerine and plum microsuede, brown corduroy and pink vinyl

#### Available color & fabric combinations:

Not just for laptops... the Skooba Skin is also perfect storage for files, folders or portfolios.

Patent pending closure system – converts from a compact sleeve to a comfortable tote bag.

Slim, smooth, rounded design – easily slides into a briefcase or suitcase.

Skooba Skins are "checkpoint-friendly" – can be put through x-ray without removing laptop.

Skins come in 3 different sizes, to fit everything from compact laptops all the way up to huge 17-inch widescreen models.

Wide variety of colors and fabrics – protect your laptop with style.

## Incredibly light weight, confidently protective, streetwise and subtle

**THE SIDEKICK IS A BIKE MESSENGER-STYLE BAG** – characterized by soft, body-hugging shape and construction and oversized flap-over cover – with a protective laptop section, a generous main compartment for books and files, and well-organized pockets and compartments everywhere.

### SKOوبا SIDEKICK

Available color:

BLACK

**NEW!**

Neoprene-padded top grip for comfortable hand-carrying

Durable, 600 Denier, water-resistant exterior with padded mesh trim stripe and full, ventilated mesh back panel

Removable, contoured shoulder pad provides carrying comfort

All interior sections fully lined with smooth nylon pack cloth

Laptop compartment holds any laptop up to 16 x 11 x 1.5 inches

Over a dozen pockets and compartments of every kind – laminated mesh pockets, zippered pockets, and more – hold laptop, files and folders, gadgets, accessories

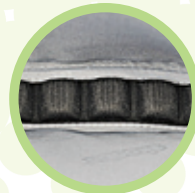

Quick-adjusting, cam-lock shoulder strap and removable shoulder pad.

Body-hugging design. Perfect for either cross-chest or on-shoulder carrying.

Adjustable, padded quick-release retention strap secures laptop.

Air Square™ protection system beneath laptop features individual, air-filled cells that support and protect computer from the daily bump and grind.

Interior mesh pockets make contents easy to see, easy to find.

Rear pocket for easy access to documents or reading materials.

## The shoulder straps with "sport tuned" suspension

**THESE ARE SHOULDER STRAPS** unlike any other (in fact, they have a patent pending). Bungee shock absorption on the top and air-filled shoulder padding on the bottom combine to give just about any laptop bag, suitcase, duffel or other bag the smoothest ride you've ever felt. The little voices you'll hear will be your shoulder and back thanking you.

### SKOوبا SUPERBUNGEE STRAPS

#### Superbungee Bag Strap

Bungee shock absorption helps minimize the perceived weight of laptop bag, briefcase, luggage or just about any other bag

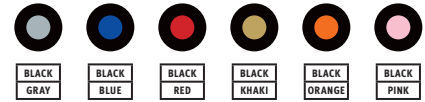

Adjustable length, from 32 to 58 inches

Contoured air cell padding has a non-slip surface to keep it comfortably and securely on your shoulder

Available color combinations for Bag Straps:

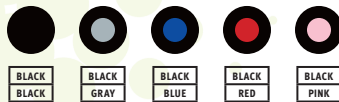

#### Superbungee Camera/Binocular Strap

Same basic construction and features as bag strap above, but scaled down for use as a neck or shoulder strap for camera or binoculars

3/8-inch web ends thread through any standard camera/binocular strap fittings, or through "keyring-type" connectors on older cameras

Available color combinations for Camera/Binocular Straps:

Bag strap is standard on Skooba Satchel 2.0 and Skooba Seventeen 2.0 laptop bags.

Perfect replacement/upgrade for any briefcase, courier, duffel or other travel bag.

Twist-free, heavy-duty metal attachment clips.

Air cell padding helps disperse and absorb shock and pressure on your shoulder, for incredible carrying comfort.

Wide, contoured shoulder pad spreads weight, adds comfort and stability.

Looks never counted for much when it came to shoulder straps... until now. Superbungee is one cool strap.

Note: Features shown above are for Bag Strap – some details differ for Camera/Binocular version.

**ROADWIRED  
ROADSTER CONVERTIBLE**

**Three bags in one – the ultimate rolling “tech center”**

**CALLING THE ROADSTER CONVERTIBLE** a rolling briefcase is like calling the Batmobile a “car.” The Roadster is a customizable carrier for all your tech-travel needs, with well over 2-dozen intelligently-designed compartments and pockets to protect and organize all your gadgets and accessories. At the heart of the case is our exclusive RoadWired Transit System (RTS) insert, which can be configured for laptop, portable projector/multimedia, photo/video use, or even used as an overnight suitcase. Award-winning design and quality come together in a rolling case that has more features than we can describe here (but we’ll try).

Available color:

BLACK

Four section, locking pull handle extends 40-inches and collapses into hideaway zipper compartment

RoadWired Transit System (RTS) insert sets up vertically or horizontally, includes a variety of movable padded dividers that let you build a main compartment that’s customized for your most important equipment. Or, remove the RTS insert and use your Roadster as a traditional overnight suitcase

Inline skate wheels roll smoothly, effortlessly and silently

**Want even more organization?**

**Try the Deluxe Cable Stable**

An elegant, highly efficient way to organize, store and protect all the cords, adapters, batteries, and other accessories that travel with your portable electronics. The perfect tech/travel companion. Sold separately.

Laptop Bag

Photo/multimedia Case

Overnighter

RoadWired’s acclaimed carrying handle – multiple layers of cushioning around a rigid core, for incredible support and comfort.

Back panel has a reinforced trolley strap that slides over the handle of a rolling cart or suitcase, for convenient, secure transport.

Front stabilizer foot doubles as grab handle, making the roadster easy to get in and out of airline overheads.

Removable, contoured, padded shoulder strap included. Friction strips keep bag securely in place when shoulder-carried.

Honeycomb ABS internal frame provides optimum strength-to-weight ratio.

Protective housings around wheels and skid plate on back of case, built for the real (and often nasty) world of business travel.

## CUSTOMIZATION

### Exceptional bags and cases – made to order

**WORLD-RENOWNED TENBA AND SKOوبا DESIGN CARRYING CASES** are designed at our own, dedicated product development and distribution facility in Rochester, New York. In addition to developing our branded products at this location, we provide design, development, manufacturing and customization services to outside clients looking for exceptional quality bags and cases for their own applications. With decades of experience in the industry, we have developed and produced products for companies like GE, Lexar, Kodak, Oracle, Panasonic, Acura, US Government agencies and many others.

TENBA | SKOوبا DESIGN  
*custom shop*

#### Put our “bag lab” to work for you

Our services range from simply applying a corporate client’s logo to one of our existing Tenba/Skooba Design products (see next page), to designing and producing complex, purpose-specific carrying products from the ground-up to meet a customer’s unique and precise needs. Tell us what you’re looking for. We’re bag people, and when it comes to carrying solutions, we can do just about anything (and if we can’t, we’ll tell you).

Once we understand your needs, our on-staff, professional designers take your requirements and turn them into creative concepts and proposal sketches. When we hit on a direction that you tell us you’ll be happy with, our team takes the process through prototyping, detailed production specification packages, manufacturing and delivery. We can even design and produce packaging if you need it.

#### Big projects, small projects, we handle (and love) them all

Tenba/Skooba Design has both domestic and offshore manufacturing facilities, a broad international network of material and parts suppliers, and our own warehousing and distribution centers. These resources, along with our long experience in the business, allow us to handle large, complex jobs from drawing board to delivery.

## Personalization services

You don't have to need bags by the boatload to take advantage of our custom services. We can do some great things with your logo on our stock products, even in small quantities.

Whether you're a retailer, service center, school, rental facility, or other business – big or small – you can identify and distinguish your products or property with your logo or other information beautifully and permanently applied to our world-class bags and cases. We offer a variety of short-run, quick-turnaround customization options on our stock products (specific options, minimum quantities, lead times and other details vary by project, so please contact us for more information and personal service):

### Laser Engraving

Our most unique and “high-tech” customization option, available on selected products (see below). Using our own, in-house laser equipment, we permanently engrave your name, company logo or message into an anodized aluminum plate (available in a variety of colors), which is then fastened to a specially-molded fitting on the bag – a Tenba/Skooba Design exclusive.

### Embroidery

Elegant, timeless and versatile, embroidery offers the most options in terms of logo size, location and color, on the widest assortment of Tenba/Skooba Design products. Setup and running costs, as well as minimum quantities, are low, and turnaround time is short.

### Surface Printing or Custom Badging

On some products and surfaces, screen printing, pad printing or other graphic transfer processes may be another option. We can even develop custom molded, stamped or die-struck logos for volume orders.

## “Laser-ready” products in stock

In addition to both “made-to-order” and short run customization of our stock products, we offer another fast, easy and exclusive way to personalize bags and cases for individuals, studios, rental houses, schools and corporations. The following products include ready-to-engage, anodized aluminum laser-engraveable plates.

### Air Cases

Tenba Air Cases provide unparalleled protection of photographic, lighting and computer equipment for transportation and shipping. All Air Case models featuring Tenba's exclusive Datapanel™ shipping and identity solution come standard with an engraveable plate, and can be easily personalized with a company or studio name or logo. Plates are available in black, silver, blue, red or orange.

### Messenger Bags

The Tenba Messenger is one of our most popular and versatile bags, and the large/black model is available, as an off-the shelf option, with an engraveable plate. The Messenger is a perfect all-around bag, with padded storage for a laptop and removable protective insert for camera equipment. In addition, the bag works great as a daily briefcase, or to transport portfolios and prints to client meetings. The Messenger can be personalized with a name or company logo. Plates are available in black, silver, blue, red or orange.

### Airbook

The Airbook™ is the latest addition to Tenba's collection of presentation cases. Airbooks feature Tenba's unique DataSleeve™ shipping and identity solution. In addition to the included removable shipping document window, the DataSleeve can accommodate a large, anodized aluminum plate (sold separately) that can be laser engraved with a custom logo. These distinctive plates are available in either black or silver.

More information about Tenba's in-house laser engraving options can be found online at [www.tenba.com/laser](http://www.tenba.com/laser).
